

Brussels-Area Node Report

Philippe Destatte
director general of The Destree Institute
Chair of Brussels-Area Node

University of Massachusetts
Boston, July 7, 2010

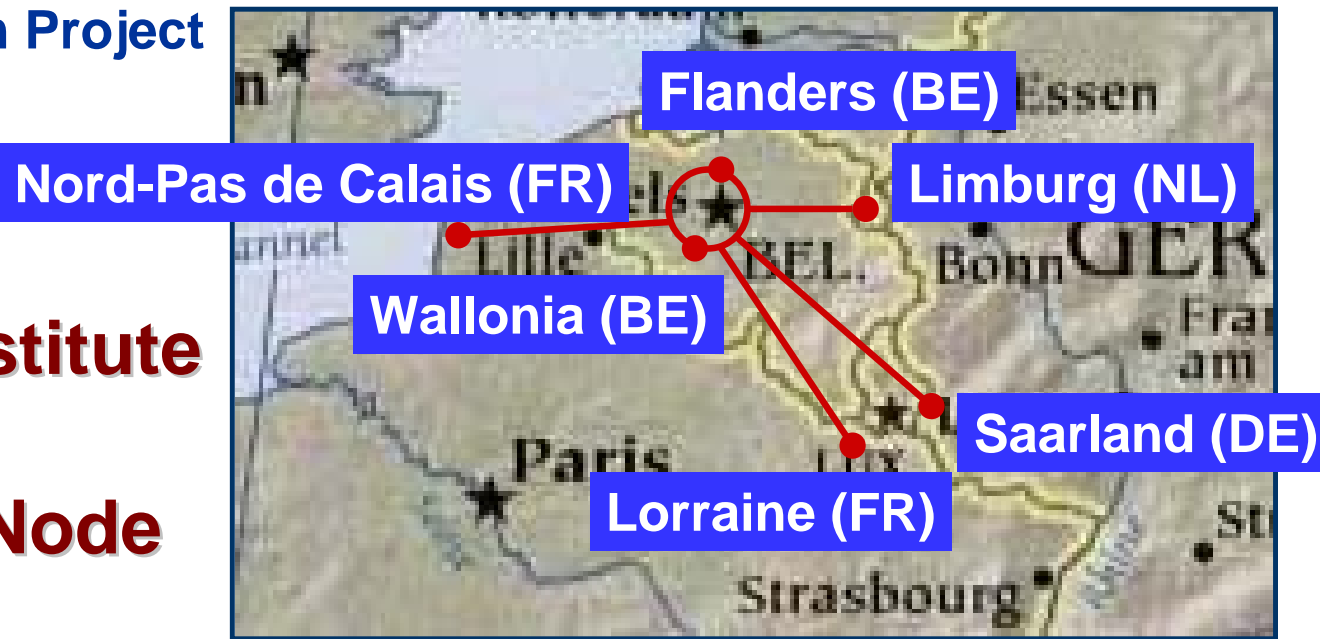

The Millennium Project

The Brussels Area Node, as created in 2004

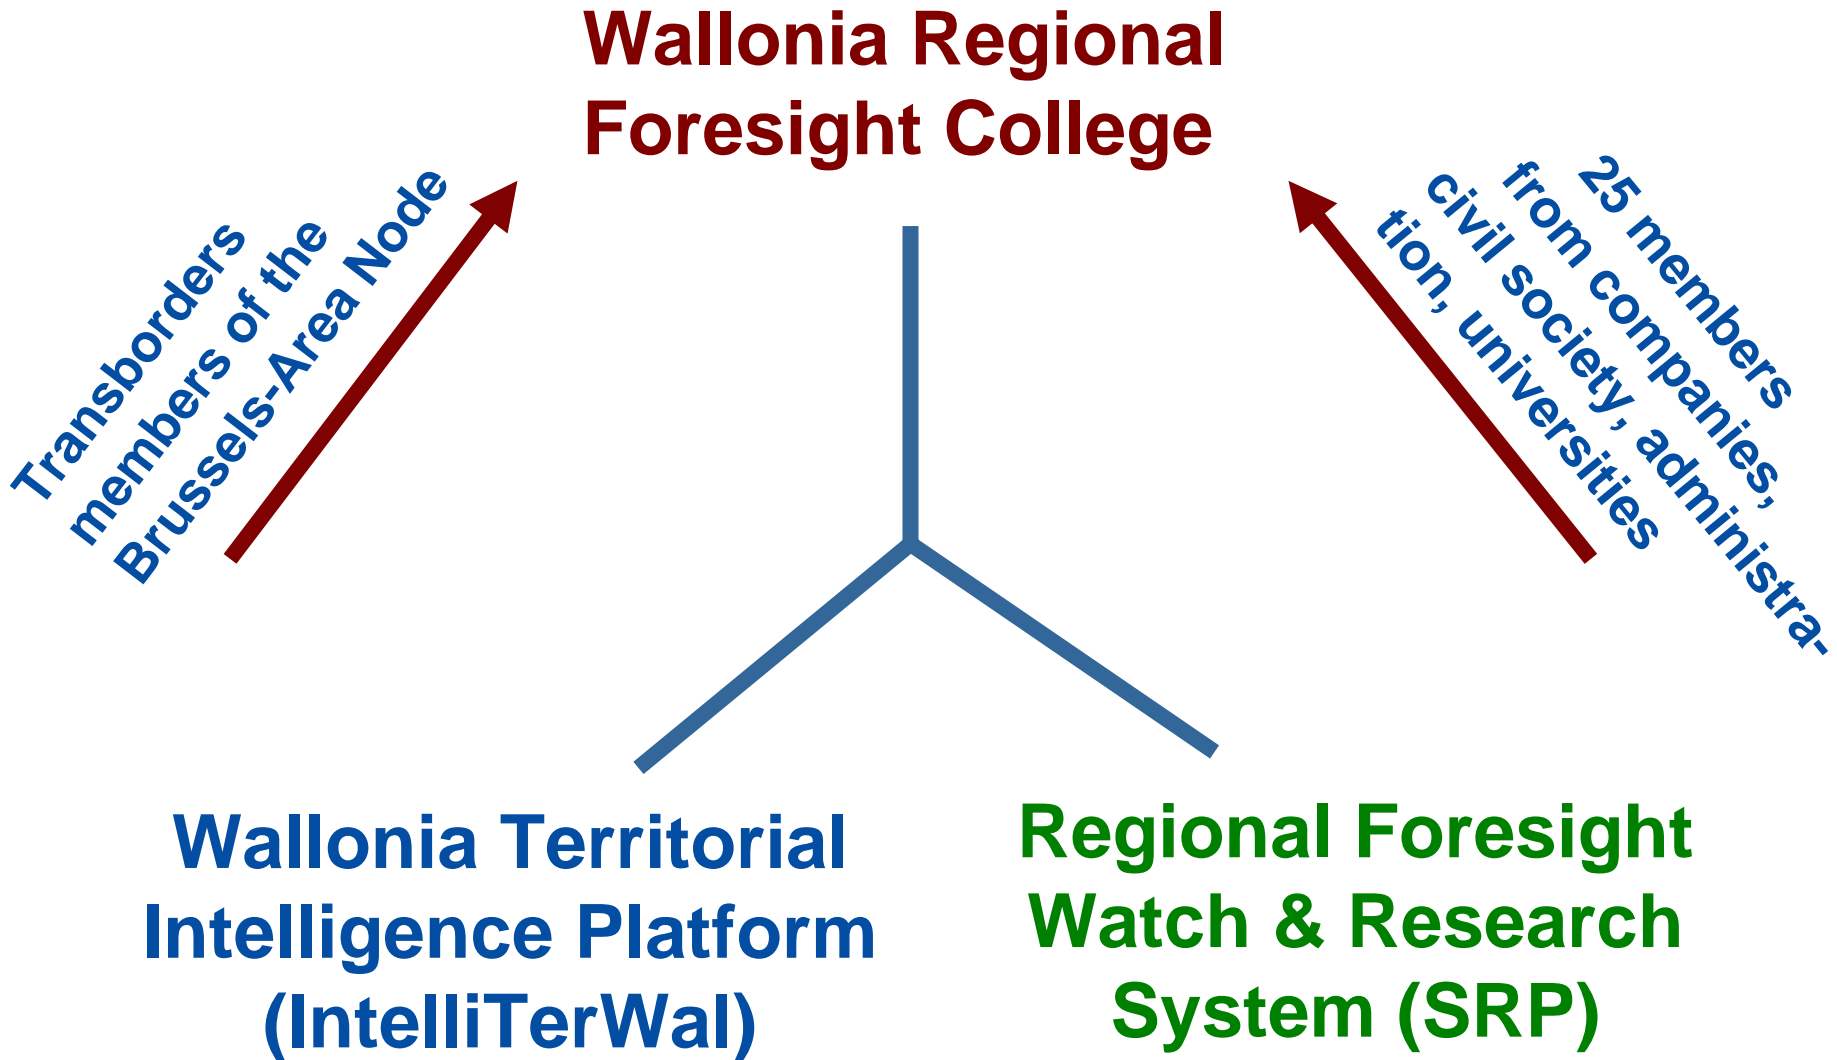

Three main objectives and strategic axis :

1. Futures studies methodological development
2. Strong European involvement
 - 2.1. Partnership building at European level
 - 2.2. Contribution to the EC's works
3. Day-to-day work in the field of foresight exercises at different levels
 - 3.1. Local, regional and national levels
 - 3.2. European Level
 - 3.3. Millennium Project

**The Destree Institute
team
= heart of the Node**

The Destree Institute has built three new foresight tools and launched the process since 2004

The Wallonia Regional Foresight College

Transborder

Transinstitutional

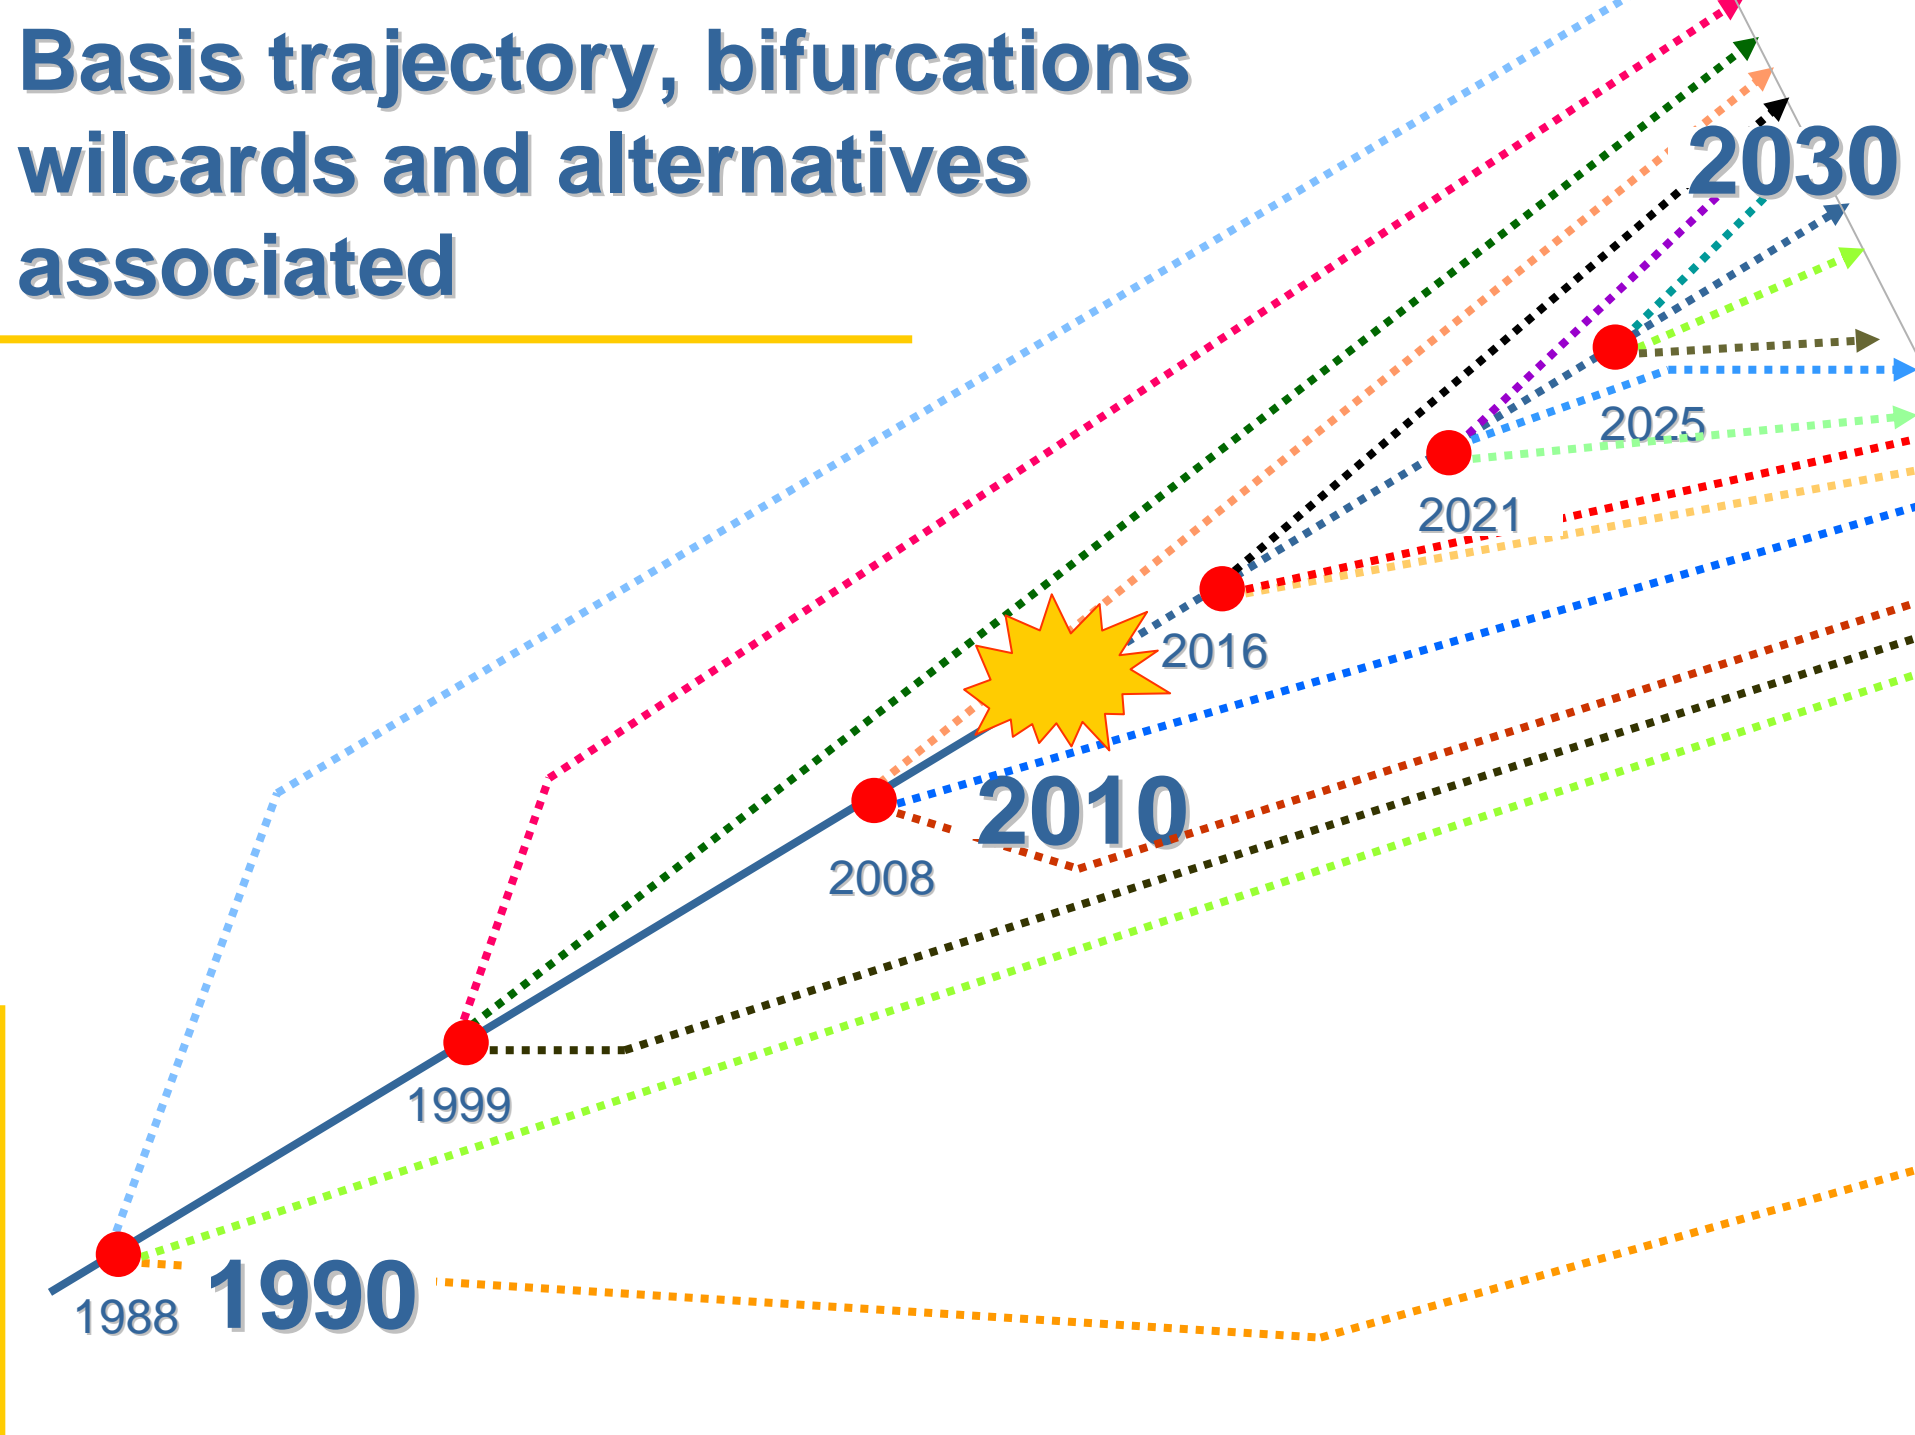

On-going

Experimental

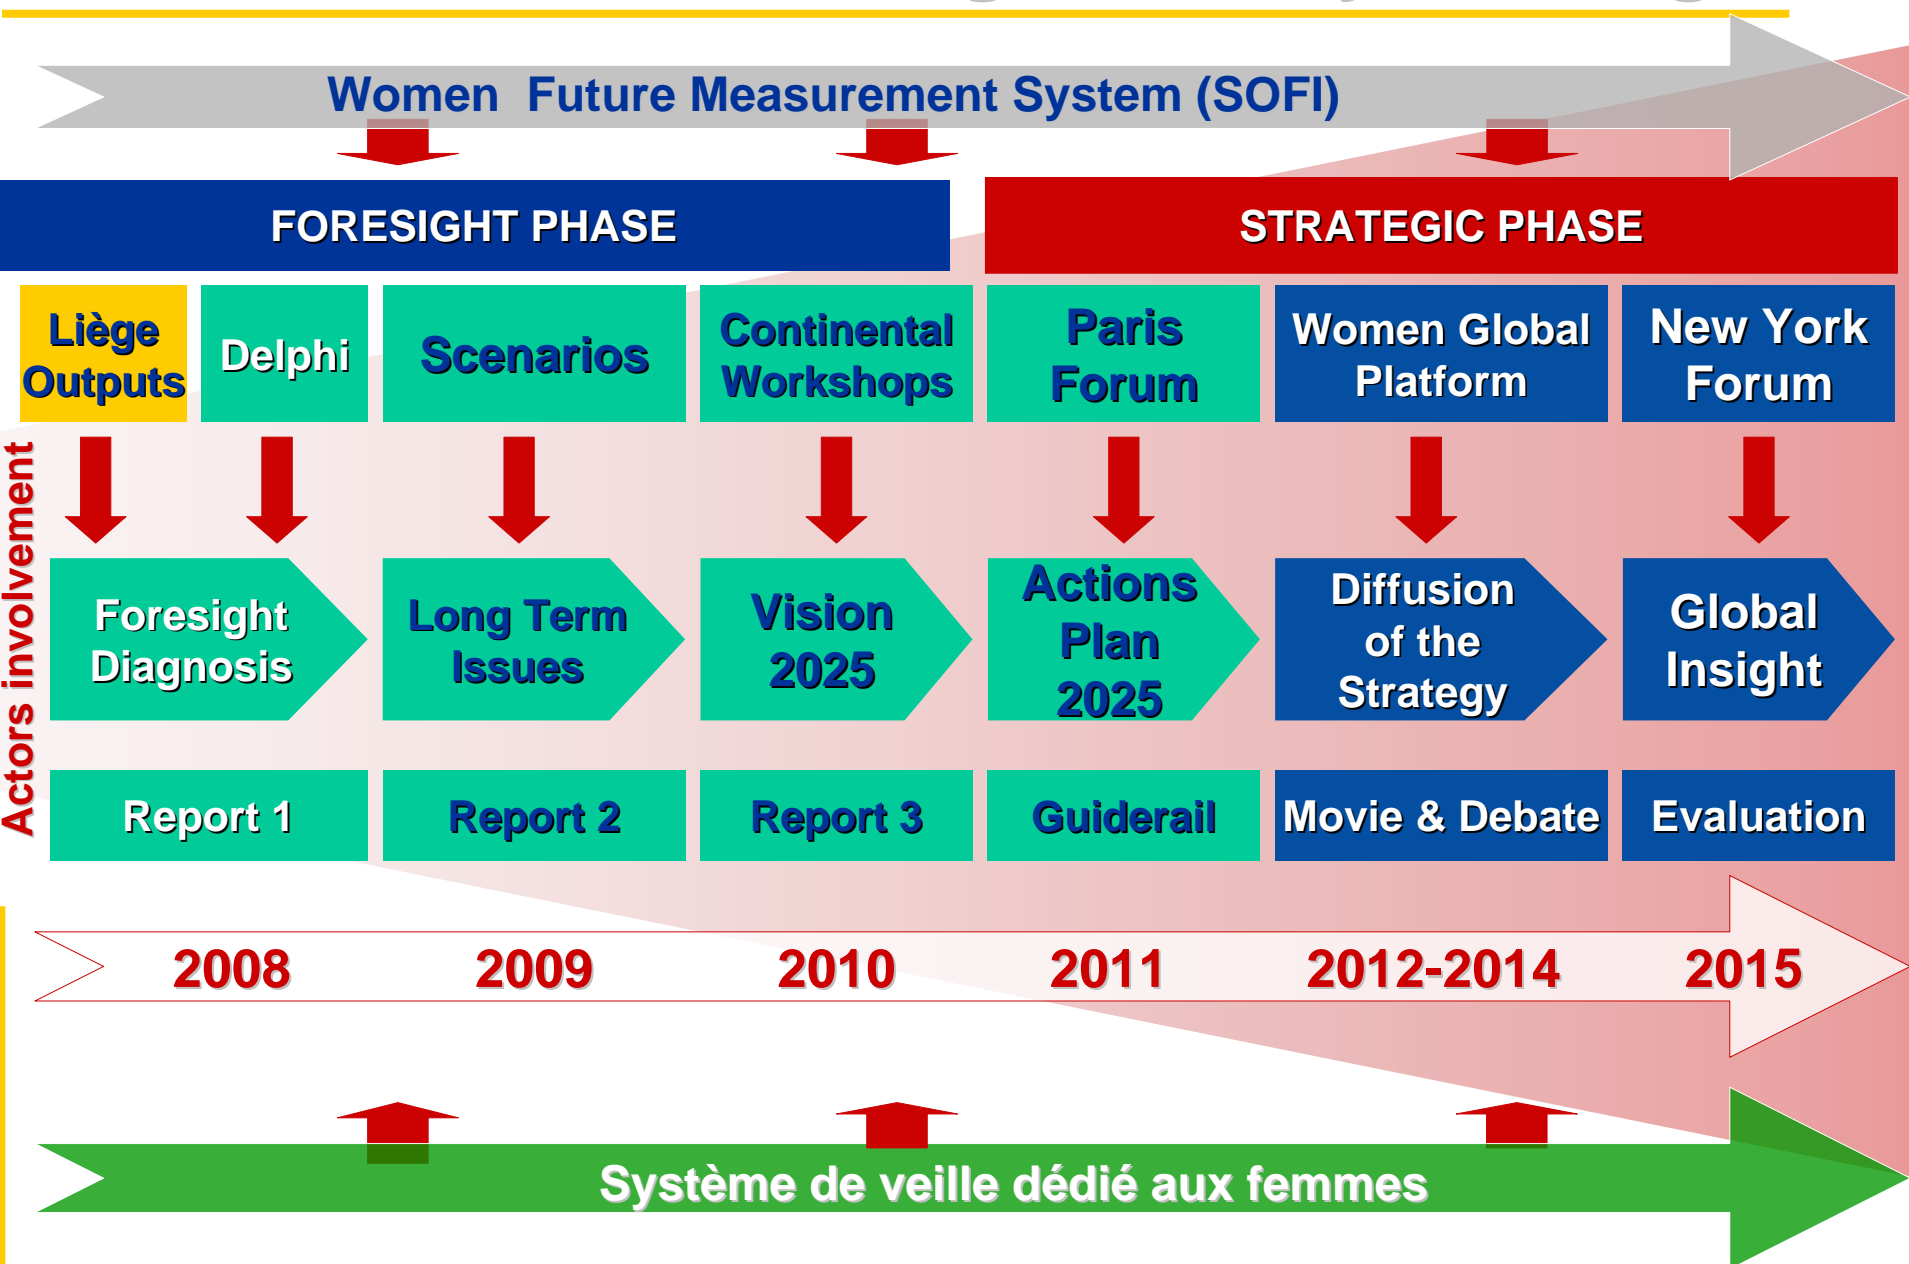

Wallonia 2030 domains

Basis trajectory, bifurcations wilcards and alternatives associated

Women in the Knowledge Society Foresight

Thank you!
