## MƏLUMATI

# Azerbaijan has liberated lands after 30 years Armenian occupation

Economic revival through re-introducing liberated territories and their rich natural resources into the economic life-cycle.

The post-war reconstruction of the territories liberated from occupation, sustainable settlement there, as well as the transformation of this region into a developed corner of our country is among priority goals ahead of the state.

# Restoration, Reconstruction and Development of Karabakh - Rebuild Karabakh"

# Future projects

## ARTIFICIAL INTELLIGENCE:

New trends in philosophy of consciousness and ethics, which has already reached the final stage.

Joint Project with the Institute of Philosophy and Sociology of the National Academy of Sciences of Azerbaijan within the framework of the joint program **TÜBİTAK (Türkiye Bilimsel ve Teknolojik Araştırma Kurumu)** – Turkish organization responsible for carrying out research and development works of national level and the **National Academy of Sciences of Azerbaijan**.

# Future projects

Start the development of legal documents (charter, memorandum) which would reflect the principles of development and interaction between the branches of the Millennium Project for the coming years.

The creation of an executive committee of the Millennium Project, where three branches of the Millennium Project will be elected on the principles of rotation.

Combine theory, practice and competences

Proposal: Creating a venture fund at the Millennium Project to support start-ups, and to consider the possibilities of each of the chapters to attract investments into this fund through partners with whom our chapters co-operate.

Develop a strategy for the development and principles of the Fund.
