**Institution Hosting the Node:** Turkish Futurists Association

**Node Co-Chairs:**

**Mustafa Aykut**, PhD, Assistant Professor and Chair of the High Advisory Board at the Association of Futurists

**Hakan Gol**, Chair of the Association of Futurists

**Before I start, on behalf of Türkiye Node. I would like to thank Jerome, Mara, everyone in the Planning Committee and MP in general. Reports, bulletins, highlighted information flow, surveys and studies that require our constant participation are very nourishing. It makes us feel like we are a part of the community and motivates us. Especially sensitivity about AGI and keeping the subject always hot is very useful and stimulating for us.**

**I hope you have a productive and enjoyable time there.**

**I will summarize what we have done and which issues we have kept hot on our agenda and in our events from the past year to date.**
