

MP Czech and Slovak Nodes

2022 – 2023 activities (Pavel Nováček, Ivan Klinec)

Activities - education

- Education – study programmes in foresight (futures studies) at Palacký University in Olomouc (Department of Development and Environmental Studies)

 - We have accredited Master´s programmes „Development Studies and Foresight“ and „Global Development Policy“ (joint Master´s programme with partner universities in Clermont (France) and Pavia (Italy)). These programmes include:
 - Introduction to Foresight
 - History of the Future
 - Futures mapping and Shapping
 - Global Challenges and Sustainable Development
 - Global Demographic and Migration Trends
 - Bloc of Experts (experts outside University are invited for individual lectures on foresight topics)

 - Some of these classes are available also in Czech language for Czech and Slovak students of International Development Studies
-

Activities – conferences, publishing, popularization activities

- 2022 – 12th conference Global Existential Risks – Bratislava, Slovakia (proceedings at website sszp.eu
(organized together with Slovak Society for Environment, and Slovak association of the Club of Rome)
 - Study of history of futures studies in former Czechoslovakia
 - Popularization of futures studies and The Millennium Project activities in several newspapers and journals (for example in national „Lidové noviny“ in the Czech Republic)
 - Publishing book and chapter in the book (in Slovak)
 - book „Roads out of the Global Crisis
 - book chapter „The Main Sources of Global Economic and Societal Disruption“
-

Thank you for your attention
